

## Work One-On-One with Angela – *The Personal Polaris Process*

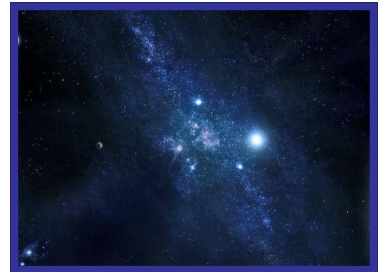

---

### The process includes 3 Parts:

1. *Commit With Courage* will help you do away with limiting beliefs and remove any road blocks in your way. Because you need to open the inner highway to the answers that want to pour out of you. No limiting beliefs, no roadblocks, please! Afterward, and this is very important, you'll sign a Personal Commitment Contract with yourself.
2. The *Discover Your Personal Polaris* part makes up the majority of the work – it's the heart of it all. In this part, you'll find relevant connections between your passions, talents, successes, dreams and, of course, your gifts. You'll even visit the dark side of your gifts. By the end of this part, you'll be able to put your Personal Polaris into words. You'll have a succinct phrase going forward.
3. In the *Engage Your Personal Polaris* part you'll get to practically apply your Personal Polaris – the phrase you've developed – to quickly make decisions which align well with who you are. You'll also learn how to weave your Personal Polaris into your self-introduction, resume, bio or online profile. Anything in which you'd use words to describe or introduce yourself.

### ***Are you ready to bring who you are to what you do?***

Imagine having a personal mechanism to help determine your direction and make course corrections along the way. *Polaris* is the name of the North Star, the star that guided sailors in ancient times because of its constancy in the night sky. When you discover and activate your own *Personal Polaris*, you'll have an accurate navigation tool for your voyage through this earthly life.

Let's honor the burning curiosity inside you. Let's encourage you to seek out the "more" of your self and help you uncover your answers about your purpose and path. There is definitely more to you than meets the eye. You know you have something to do here on planet Earth, and it's time to get on with it already!
